Now Is the Time to Update Your Vaccines

You have the power to protect yourself against serious diseases like shingles, pneumonia, and flu. Vaccines aren’t just for kids. Adults may need vaccines to protect against whooping cough, flu, pneumonia, and shingles. Ask your doctor about vaccines you may need for your age, health conditions, job, or lifestyle. Use VaccineFinder.org to find flu vaccines available near you.

The best way to prevent seasonal flu is to get vaccinated every year. Over 60 percent of flu-related hospitalizations occur in people 65 years and older. Learn more about preventing seasonal flu.

This year's flu season may be complicated by the ongoing COVID-19 pandemic. Because some of the symptoms of flu and COVID-19 are similar, it may be hard to tell the difference between them based on symptoms alone, and testing may be needed to help confirm a diagnosis.

If you have a condition that weakens the immune system, a cerebrospinal fluid leak, or cochlear implant, you should ask your doctor about other important vaccines.

What you need to know about Social Security

The impact of Hurricane Laura on the Gulf Coast and the ongoing impact of the COVID-19 pandemic serve as reminders to Loudoun County residents and businesses to take time to prepare for all types of emergencies in September, which is recognized as National Preparedness month. The 2020 theme is “Disasters Don’t Wait. Make Your Plan Today.” Emergency management officials urge everyone to follow a few simple steps for emergency preparedness. Everything families and businesses operators need to know is available online at:

**RECIPE CORNER**

LEMONY EGG IN A SPINACH-CHICKPEA NEST

COOK: 5 MINS
TOTAL: 5 MINS

*Five minutes to a satisfying, wholesome, protein-rich breakfast! Sunny lemon brightens up breakfast with this super-simple egg-in-a-nest for one.*

**INGREDIENTS:**

- 1 tablespoon olive oil + 1 teaspoons olive oil, divided
- 2 cups baby spinach
- Pinch kosher salt & freshly ground black pepper
- 1/2 cup cooked/canned chickpeas (garbanzo beans), drained
- 2 teaspoons lemon zest
- 1 egg
- Lemon juice

**DIRECTIONS:**

Heat 1 tablespoon olive oil in a medium saute’ pan over medium heat. Add the spinach along with a pinch of salt and pepper and saute’, stirring occasionally, until wilted, about 1 minute.

Add chickpeas and lemon zest. Carefully smash the chickpeas with a fork while combining the ingredients.

With a wooden spoon, shape the mixture into a “wreath” with a hole in the middle. Drizzle the remaining teaspoon of olive oil into the hole, and then crack the egg into the hole.

Cover pan with a lid and cook until egg has cooked through to desired doneness (for me, that’s about 3 minutes).

Use a large spatula to transfer the egg and “nest” to a plate. Some of the edges of the nest may fall off; just put it back into position on the plate.

Top egg with a little additional salt and pepper, if desired, and squeeze a little fresh lemon juice over the top. Serve.

**REMINDER:**

*If you are in need of a lunch meal or food in general, please call the center at 571-258-3280 so that we can assess the situation and figure out the best way to meet your needs.*
If you are a caregiver for a loved one or if you are an older adult (60+) in need of support during this difficult time, connect virtually (FaceTime or by phone) over coffee with Lori.

**Labor Day** is a federal holiday and is dedicated to the social and economic achievements of American workers. It constitutes a yearly national tribute to the contributions workers have made to the strength, prosperity, and well-being of our country. It is appropriate, therefore, that the nation pays tribute on Labor Day to the creator of so much of the nation's strength, freedom, and leadership – the American worker!

**Patriot Day** is a day of mourning in America. It occurs on September 11 of each year in memory of the people killed in the September 11 attacks of the year 2001. The flag of the United States is flown at half-mast at the White House and on all U.S. government buildings and establishments throughout the world; Americans are also encouraged to display flags in and outside their homes. Additionally, a moment of silence is observed to correspond with the attacks, beginning at 8:46 a.m.

Looking for an inventive and enjoyable way to spend your free time? Check out our extensive list of crafts for seniors. It encompasses a wide range of craft activities, from painting and knitting to woodworking and scrapbooking. Whatever your interests or skill level, there are dozens of ways to have fun while keeping your hands occupied and your creativity flourishing.

Did you know that crafting offers numerous benefits for older people? Being engaged in hands-on creative activities can improve motor skills, strengthen social connections, reduce stress, and alleviate anxiety. It can also be good for the brain. Making crafts may be a great way to keep your brain stimulated and enhance your cognitive abilities.

Plus, many seniors who have physical limitations can still experience the joys of crafting by adapting the activities or using special equipment. For example, older adults who like to knit can use larger needles and heavier gauge yarn. Those who enjoy woodworking but have difficulty standing or using power tools can sit at a table and assemble projects from kits. And older crafters with vision challenges can use magnifying stands for assistance.

**General Craft Ideas**

Are you ready to get crafting? Whether you're looking for projects that use paper, glass, wood, flowers, or beads, you're sure to be inspired by this list. Check out these simple craft ideas for older adults:

**Suncatchers:** Make your home sparkle by crafting a suncatcher to hang in your window. You can create a lightweight suncatcher out of mason jar lids and coloring sheets or go a little heavier and use glass stones. You can even create one using melted beads.

**Scrap-fabric magnets:** Want a cute way to use up those old bits of fabric? Add a bit of felt and turn them into adorable ladybug magnets.

**Clay jewelry charms:** Create some one-of-a-kind jewelry pieces by shaping your own unique charms out of polymer clay. Adding a toggle clasp to your necklace will make it easier to put on and take off.

**Pressed flowers:** Gather some flowers and arrange them creatively between two sheets of wax paper. Place a heavy book on top to weigh the flowers down and let it sit overnight. Once the flowers are totally flat, you can laminate them or use them to decorate greeting cards, bookmarks, coasters, photo frames, and more.

**Birdhouses:** Constructing things out of wood can be deeply satisfying. If you have the appropriate tools and know-how, you can build a birdhouse from scratch. Another option is to assemble one from a store-bought kit.

**Beaded bracelets:** Using safety pins and brightly colored beads, you can create some customized bling and wear it with pride.

**Wind chimes:** Wind chimes can be a colorful and charming addition to a garden. How about a simple design that uses clay pots with pre-existing holes?

**Paper flowers:** Brighten up any room with flowers that you make yourself. You can create beautiful blooms out of tissue paper or coffee filters.

**Greeting cards:** Homemade cards are a great way to let loved ones know you're thinking about them. You can use paper, stickers, fabric, ribbons, and many other materials to make fun and creative cards for any occasion, such as Christmas, birthdays, or Easter.
Painting and Coloring Crafts
Many seniors enjoy expressing themselves with markers and paintbrushes. Focusing on patterns and colors calms the mind and allows the brain to take a break from daily worries. In fact, some research suggests that coloring can have the same soothing effect on the body as meditation. With that in mind, check out these examples of painting and coloring projects for seniors:

**Coloring books for older adults:** Coloring is not just for kids! Adult coloring books are an increasingly popular way for seniors to relax, relieve stress, and create something beautiful. Large-print coloring books for adults with low vision are also available.

**Geometric tape painting:** Use painter's tape on a piece of canvas to mark geometric lines in a pattern, paint between the tape lines, then remove the tape. This can be a great way for seniors with unsteady hands to produce a painting with nice smooth edges.

**Painted rocks:** Your imagination is the only limit when it comes to painting rocks. You can turn rocks into ladybugs, garden markers, and a lot more.

**Painted mirrors:** If you've got an old mirror with a frame that has seen better days, try giving it new life with some spray paint.

**Terracotta pots:** Add a little pizzazz to ordinary garden pots. You can paint them freehand or use a stencil to add details like hearts, leaves, or stars.

**Pine cones:** Painted pine cones can make a gorgeous addition to any centerpiece.

Photo Crafts
Incorporating photos into crafts is the ultimate way to personalize a project. Many seniors enjoy taking pictures, and some have boxes of photos gathering dust in a closet somewhere that could be put to good use. If you have digital photos on a memory card, smartphone, or computer, you can print them out yourself or have them printed fairly inexpensively at places that offer printing.

Photo crafts make extremely good gifts because they are so personal. Consider these ideas:

**Scrapbook:** Making a scrapbook is an excellent way to preserve memories. Set your creativity loose and use papers, ribbons, stickers, and other embellishments to decorate your pages.

**Collage board:** Create a unique wall hanging by arranging a bunch of your favorite photos in an overlapping pattern and adhering them to wood, canvas, or corkboard.

**Photo magnets:** Turn your fridge into a photo gallery! With adhesive magnetic sheets, it's easy to create magnets out of photos of any size.

**Photo cube:** Photo cubes are a fun way to display a bunch of photos in a small area, and they make great conversation pieces. It's best to choose photos that will work well as squares.

**Photo coasters:** Want a practical way to show off some of your favorite prints? Stick them on coasters and put them out for your next social gathering.

**Photo-covered flower pot:** Bring a personal touch to an ordinary flower pot. You can let the photos speak for themselves or add other details like a meaningful phrase or saying.

Ashburn, Rust libraries limited to Curbside Pickup Service beginning Monday, Aug. 31

The Ashburn and Rust branches of the Loudoun County Public Library system will offer Curbside Pickup service only beginning Monday, Aug. 31. Customers will not be able to enter either branch due to the Loudoun County Board of Supervisors' decision to utilize the buildings as childcare facilities for the upcoming school year.

Customers will be able to access Curbside services at each location Monday through Thursday, 10 a.m. to 8 p.m. and Friday and Saturday, 10 a.m. to 5 p.m.

The service continues to operate in the same fashion as it did when all LCPL branches temporarily closed in March due to the COVID-19 pandemic.

Customers are encouraged to place holds through the online catalog at or call the Ashburn (703-737-8100) or Rust (703-777-0323) libraries for assistance. Customers will be contacted through their choice of email, text or phone call when their items are ready to be picked up.

Curbside Pickup service is contactless to help reduce the spread of COVID-19. Customers may return items to the library only during open hours. All returned items will be quarantined for at least four days before being removed from customers' accounts. Patrons will not be subject to any late fees or penalties during this period.

The other eight LCPL branches remain open to the public during the same hours with the exception of the Law Library in downtown Leesburg, which is open 8:30 a.m. to 4 p.m. Monday through Friday.

The Ashburn Library is located at 43316 Hay Road in Ashburn, and the Rust Library is located at 380 Old Waterford Road NW in Leesburg.
