Health Department Offers Free Flu Shots

The Loudoun County Health Department will offer free flu shots at Park View High School in Sterling, on Saturday, Oct. 17, beginning at 10 a.m.

The shots will be offered to anyone 9 years and older on a first-come, first-served basis until 2 p.m. or until the supply of 900 shots runs out.

Attendees may either drive or walk up for a flu shot. No insurance or appointment is required, and there are no residency requirements. Those attending the event will enter Park View High School from North Sterling Boulevard onto Juniper Avenue.

The flu shots are being offered as part of a public health emergency exercise. The exercise simulates a mass vaccination event—such as in the case of a COVID-19 vaccination—in which the health department and local agencies would work together so community members could be vaccinated efficiently during a time of emergency.

For more information about the flu, go to the Virginia Department of Health website at vdh.virginia.gov/flu.
The Loudoun County Board of Supervisors has proclaimed October as Domestic Violence Awareness Month, highlighting the increased danger that the pandemic presents to survivors of domestic violence.

Avoiding public spaces and working remotely can help reduce the spread of COVID-19, but for many survivors, staying home may not be the safest option. People who are surviving violence in their relationships and families may be experiencing increased isolation and danger caused by social distancing measures during the coronavirus pandemic.

To get help in Loudoun County:
Call or text 9-1-1 if anyone is in immediate danger.
Call Loudoun County’s Domestic and Sexual Violence hotline 24 hours a day, everyday: 703-777-6552.

Call the National Domestic Violence Hotline: at 1-800-799-7233 or TTY 1-800-787-3224. If you’re unable to speak safely, you can log onto https://www.thehotline.org/ or text LOVEIS to 22522.

Call the National Sexual Assault Hotline (RAINN): at 800-656-HOPE(4673). Survivors can call RAINN or chat on the website. It’s free and confidential. Visit DART.

Make a Plan
A safety plan is a personalized, practical plan that includes ways to remain safe and that can help a survivor avoid dangerous situations. An individual safety plan should be tailored to a person’s specific situation. For help with safety planning, call the Loudoun Abused Women’s Shelter Hotline and speak to an advocate: 703-777-6552.

Purple Thursday
Residents are encouraged to wear purple on Thursday, October 22, 2020, as part of what is known as “Purple Thursday,” a day set aside to honor victims and survivors of domestic violence.
HALLOWEEN SAFETY DURING THE COVID-19 PANDEMIC

If you are planning to celebrate this season, consider the following guidance from the Centers for Disease Control and Prevention (CDC), the Virginia Department of Health (VHD) and the Loudoun County Health Department to help prevent the spread of the virus that causes COVID-19. The Health Department does not recommend door-to-door trick-or-treating because that is considered high risk for COVID-19 transmission for both the trick-or-treater and for the person handing out candy. If you and your family engage in any Halloween activities, it is important to protect yourself by following these recommendations:

**Stay home and away from others if you are sick.** Anyone who has been diagnosed with COVID-19 and has not met the criteria for when it is safe to be around others, has COVID-19 symptoms or who has been in recent contact with someone with the disease should not participate in Halloween activities this year.

**Be sure to maintain at least 6 feet of distance** between yourself and others who do not live in your household at all times.

**Wash your hands** before going trick-or-treating or handing out candy. Hand sanitizer should be used while trick-or-treating or handing out candy when soap and water aren’t available.

**Wear a cloth face covering.** Halloween masks may not fit snugly against the face and may not cover the nose and mouth. Halloween masks with gaps and holes do not protect against inhaling respiratory droplets from other people. Cloth face coverings should be worn under costume masks to keep a close fit over your nose and mouth. Ensure that any cloth face covering worn under a costume mask does not inhibit the ability to breathe easily.

**Hand out candy from a distance.** Consider setting up an area outside, like a folding table, to set out candy. Space out the placement of treats so that multiple people do not have to reach into the same bowl or find contactless ways to deliver treats, like a candy chute that is more than 6 feet long.

WHAT’S NOT RECOMMENDED

As you and your family prepare for Halloween and fall activities, remember that the following activities are considered higher risk by the CDC and VDH and are **not recommended** by the Health Department:

- **Traditional trick-or-treating** where treats are handed to children who go door to door.
- **Trick-or-treating at houses** where individuals are not wearing a mask and where 6 feet of physical distance is not maintained between individuals.
- **Trunk-or-treating** where treats are handed out from trunks of cars lined up in large parking lots.
- **Crowded costume parties** held indoors and any events where social distancing is difficult to maintain.
- **Indoor haunted houses** where people may be crowded together and screaming.
- **Hayrides or tractor rides** with people who are not in your household.
- **Rural fall festivals outside your community.**
- **Using alcohol or drugs**, which can cloud judgement and increase risky behaviors.
- **Traveling to and from areas outside your community**, particularly to and from areas with community spread of COVID-19, to attend fall festivals and holiday activities.

CONSIDER LOWER-RISK ACTIVITIES

Here are some lower-risk activities that can be enjoyed with family, neighbors or friends at a safe distance:

- **Pumpkin carving** or decorating outside at a safe distance.
- **Decorating homes.**
- **Outdoor movie night** at a safe distance.
- **Neighborhood costume parades** at a safe distance.
- **Outdoor touch-free scavenger hunts** in which children look for Halloween-themed items.
- **Virtual Halloween** costume contests.
- **Online photo contests** for decorations and costumes.

Each of us has a role in ensuring a safe Halloween this year by taking precautions that limit the spread of COVID-19. We encourage parents and anyone planning to participate in Halloween activities to take the time to view more detailed information online:

- **Get more ideas and tips for a safe Halloween from the CDC website.**
- **Read the VDH Interim Guidance for Halloween Events, Including for Operators of Haunted Houses.**

**Stay Informed**
Loudoun County encourages residents to stay informed about COVID-19. Visit [loudoun.gov/coronavirus](http://loudoun.gov/coronavirus) for more information about how to protect yourself and your family and to sign up for email and text updates on COVID-19.
