- **Noise complaints:** Numerous locations were visited and confirmed violations have been given warnings or summonses.
- **Inoperable/abandoned vehicle complaints:** County ordinance researched and county zoning department consulted. Registered vehicle owners were contacted and advice provided to towns to determine plan moving forward.

On May 17, 2021, between the hours 0400-0500 hours, two businesses in Purcellville and one in Hamilton had large rocks or pieces of concrete thrown through the glass doors and cash registers taken. The two suspects captured in video surveillance appear to be the same in the three burglaries.

In separate incidents, two suspects were arrested the next day in Sterling on charges of burglary with the same MO (modus operandi), who were believed to be involved in the west end burglaries; however, no evidence collected was able to affirmatively place them in the area. Upon speaking with the suspects, they denied any involvement.
On September 14, 2021, between the hours 0135-0443 hours, approximately thirteen victims had vehicles entered and rummaged through in Newtown Meadows. Items removed included purses, valuables, and money. There were also two residences where entry was gained. Entry was made on one residence via an unlocked window on the back of the residence and one residence via an open garage. The suspect was dressed in dark clothing, wearing gloves and carrying a single strap backpack. The investigation is still ongoing.

Anyone with information is asked to contact Detective J. Carpenter at 571-577-3072.

Emergency: 9-1-1
Non-Emergency: 703-777-1021
The LCSO continues to receive calls and traffic complaints from residents regarding the increase in noise on roadways from altered mufflers.

In March 2021, the Virginia General Assembly passed new laws limiting law enforcement’s ability to conduct traffic stops for equipment violations.

This has led to an increase in the use of altered mufflers by drivers causing many residents to complain about the excessive noise on roadways around their homes.

The Loudoun County Sheriff’s Office remains vigilant in addressing the concerns of our residents and are focused on utilizing the laws available to law enforcement to address speeding and moving violations.

Hats off to Senior Deputy Nate House and his friend for taking the time to remind residents who own livestock to sign up for the free LCSO program called, **Operation Protect Livestock**.

- **Operation Protect Livestock** is a FREE LCSO and Animal Services effort to quickly notify livestock owners when their livestock break free from their fenced fields and wander into roadways.

- By participating in this program and providing emergency contact information, the deputies can contact you even if you are not home.

- The sheriff’s office and/or Loudoun County Animal Services’ main goal during these circumstances is to safely secure the animals and notify the owner before any possible injuries occur to the animal(s).
