Compiled by: Loudoun County Department of Planning and Zoning, April 2021
**Mission:** The Field Operations Division provides twenty-four-hour pro-active patrol of Loudoun County as well as reactive response to calls for service. It is also responsible for routine traffic enforcement and preservation of crime scene evidence. The patrol shifts are responsible for answering calls for service and general enforcement within the entire county.

Small Unmanned Aircraft System (sUAS)

Loudoun County Sheriff’s Office
Leesburg, Virginia

Date: 4/7/2022
The Loudoun County Sheriff’s Office (LCSO) acquired a small Unmanned Aircraft System (sUAS), commonly referred to as a drone. It is the first in Virginia and the sixth in the United States to be equipped with a Project Lifesaver© antennae.

Members of the LCSO Search and Rescue Team are licensed Part 107 Federal Aviation Administration (FAA) Pilots.
The Project Lifesaver© program is an electronic based locating system for people with medical conditions such as Alzheimer’s, Autism, or other conditions, that have a tendency to wander from home and become lost.
Project Lifesaver© clients are equipped with a wristband transmitter that emits an automatic locating signal. If the client becomes lost, the specially trained deputies with the Loudoun County Sheriff’s Office Search and Rescue Team will now use the sUAS, equipped with the Project Lifesaver payload, to help locate the client.
The LCSO sUAS is also enabled to carry a payload of cameras to assist in search and rescue operations.

Coffee with a Cop
The Loudoun County Sheriff’s Office is seeking additional witnesses to a hit and run single-vehicle crash that occurred on Friday, March 25, 2022, around 6:30 p.m. on Route 9 near the West Virginia line.

The vehicle, a 2012 gray Dodge Ram 2500, was found crashed on the side of the roadway. The driver and passenger, who have both since been identified, were seen leaving the area and did not report the crash to law enforcement.

The circumstances of the crash remain under investigation and the LCSO is seeking possible witnesses who have not already talked with law enforcement to contact Detective J. Carpenter by calling 703-737-8203.
On Thursday, March 31, shortly before 10:20 a.m., a male subject walked into the Truist (formerly BB&T) Bank located at 7 E. Broad Way in Lovettsville and handed a note to the teller demanding money.

After receiving an undisclosed amount of cash, the subject fled on foot, and was last seen on E. Broad Way running toward the Lovettsville Community Center.

**Suspect description:**

The subject, described as a White male, 6’ tall, was wearing dark-colored pants, a white hooded sweatshirt with a black jacket over it, a blue mask, and sunglasses at the time of the robbery.

Larceny of Vehicle Parts

Catalytic Converter Thefts
Thieves target catalytic converters because many contain precious metals, which are then sold to a scrap yard for cash.

What Can You Do?
- When possible, park in well-lit areas and close to building entrances.
- Calibrate your car’s alarm to set off when it detects vibration.
- Install an overt video surveillance system and place the camera facing your vehicle.
- If you have a garage at your house, park your car inside and keep the garage door shut.
- Have the catalytic converter welded to your car’s frame or attach a security device.
- Engrave your vehicle identification number (VIN) on the catalytic converter.

Report suspicious activity to your local law enforcement agency.

Reminder | Safety Tips

**IRS SCAM**
As if tax time wasn’t stressful enough, you also have to worry about scammers claiming to be from the IRS.

**Things the IRS WILL NOT do...**
(from our friends at the IRS)

- Initiate contact with taxpayers by email, text messages or social media channels to request personal or financial information.
- CALL to demand immediate payment using a specific payment method such as a prepaid debit card, gift card or wire transfer. Generally, the IRS will first mail a bill to any taxpayer who owes taxes.
- Demand that you pay taxes without the opportunity to question or appeal the amount they say you owe. You should also be advised of your rights as a taxpayer.
- Threaten to bring in local police, immigration officers or other law-enforcement to have you arrested for not paying. The IRS also cannot revoke your driver’s license, business licenses, or immigration status. Threats like these are common tactics scam artists use to trick victims into buying into their schemes.

---

**Beware of Scammers**

- Scammers are convincing!
- Scammers will ask you to purchase gift cards, cash app money, send money through a wire service, or use Bitcoin to pay for bills, settle an arrest warrant, upgrade your computer, sign up for a utility service, etc.
- Scammers are clever and will pretend to be a company or your bank. They even using spoofed phone numbers to make them look official.
- Scammers will email or text you a link to gain access or place a virus on your device. Do not click on any unsolicited links.
- Scammers will rush you into making a decision and will often call numerous times.

---

If you have a group and would like a fraud & scam presentation, scan the QR code or contact the LCSO Crime Prevention Unit @ Sheriff_Crime_Prevention@loudoun.gov

---

**HEARTSTRING SCAM**

Have you seen posts like this on your social media community & group pages?

These types of scams pull at your heartstring and make you want to help. The scammer hopes that people will send them money or gift cards.

A couple of ways to determine if the person is a scammer:
- The person has never posted in the group before.
- The person has a very limited social media profile or appears to have a new account.

What can you do?
- Instead of sending money, refer the person to local organizations that can provide assistance. Loudoun County has many great organizations.
- Contact the admin of the social media page and make them aware.

Have you downloaded Safe2Talk?

Safe2Talk is a free app that allows students, parents, teachers, and residents the ability to anonymously report safety concerns in our schools, including suspicious or threatening social media activity. Search Safe2Talk LCSO in the App Store or Google Play to download.

If you see or hear something, say something
The LCSO uses CityProtect as an online mapping and analysis service that combines the value of law enforcement data with the ease of use of Google-based mapping and an analytics module so that members of the public can view police data in a high-impact map or summary descriptive format.

Many residents have asked about the option to register their security camera at CityProtect.com. Registration is 100% voluntary and does not provide the law enforcement with direct access to your security system/camera. Your personal information will be kept confidential by the LCSO and registration information will only be accessed by law enforcement if there is a criminal incident that was possibly captured by your security camera. LCSO detectives or deputies may request a copy of any video captured by your camera, if it may assist in the investigation of a crime.
