Route 15 Safety and Operations Survey Online

We had great turnout at the public input open houses held last week on March 9th and March 10th for the Route 15 corridor from White's Ferry to the Maryland State line.

Take a look: [Live Video](#)

For those who were not able to attend the public input sessions, I invite you to provide your input through our "Route 15 Safety and Operations Study" online survey [here](#).

This is the same survey offered at both public input sessions. If you have a moment I highly recommend you review the maps and information shared at the public input sessions on the county website listed below.
