- Requires drivers to move-over one lane, if possible, whenever an emergency vehicle on the side of the road displays emergency lights.
- If traffic is too congested to move-over safely, simply slow down, below the posted speed limit and be prepared to stop.

**Move-It Law:**

- Section § 46.2-888 of the Code of Virginia

When you see an emergency vehicle on the side of the road with its emergency lights on, slow down, change lanes and save lives.
LCSO Advises Community of Ongoing Scams Targeting Loudoun Residents

**Scam 1:** Caller identifies as a law enforcement officer or court worker. The caller advises that a warrant has been issued for their arrest. Instructions are provided to the victim to purchase a prepaid money card and provide that number to them for verification.

**Scam 2:** Caller claims the resident made several mistakes on previous tax returns. The caller tells the resident that a fine has been issued and provides them with instructions on how to obtain prepaid money cards for payment.

**Scam 3:** Caller claiming to be from Microsoft Technical Support indicates that he obtained information that the victim’s computer was hacked and he was calling to help. The caller instructs the victim to load “ShowMyPC.com” software which allows the suspect to remotely access their computer. Upon doing so, sensitive information is stolen and used fraudulently.
Reminders

LCSO Reminds Residents to Lock their Vehicles and Remove High-Dollar Items After Recent Thefts

The Loudoun County Sheriff’s Office is offering residents several tips for deterring thefts from vehicles:

- **KEEP YOUR VEHICLE LOCKED.** Most stolen items are taken from vehicles that are left unlocked.
- Remove all items from your vehicle, including garage door openers, when not in use. When you cannot do this, put the items out of sight (inside a lockable glove box or trunk). If your vehicle has an integrated garage door opener, please try to park your vehicle in the garage.
- A visible GPS unit is an obvious target, but car prowlers also look for any signs that one may be inside your vehicle, such as a mount on the window or dashboard. Even the circle impression left on the windshield from the suction cup mount is enough for thieves to break-in. They assume a GPS is hidden somewhere inside. Please try to rid your unattended vehicle of all tell-tale signs.
- Park inside your garage, if available, and keep the garage locked. Or, try to park your vehicle near or under an illuminated area.
