LCSO BEGINS PILOT PROGRAM TO EQUIP DEPUTIES WITH NASAL NARCAN

This program is part of the comprehensive approach of the Heroin Operations Team (HOT) initiative announced by Sheriff Chapman and Rep. Comstock in April 2015.

All of LCSO deputies assigned to western Loudoun have been trained in and equipped with the use of NARCAN, a life saving tool when seconds count.

What is NARCAN?

Nasal NARCAN is a nasal form of the drug naloxone that can reverse the effects of opiates such as heroin, oxycodone and hydrocodone.
Guest Speaker

LCSO TEU Heroin Initiative

Sgt. Paul Loconti
What is Heroin?

**HEROIN**

- An opiate (narcotic) drug processed from morphine and extracted from certain poppy plants.
- Heroin comes in a white or brownish powder, or a black sticky substance known as “black tar heroin.”
- Often “cut” with other drugs or substances such as sugar, powdered milk, lactose powder, inositol powder, vitamin B powders, or synthetic opiate substitutes like fentanyl, which can be up to 100 times more powerful than morphine.
- User is unaware how much actual heroin is being used, creating possibility of an overdose.
Heroin can be Smoked, Snorted, or Cooked & Injected

Heroin Use is a Growing Problem

ALL OPIOIDS

All opioids (heroin and/or one or more prescription opioids) make up 70–75% of all fatal drug overdoses annually in Virginia. Fatal opioid overdoses often have one or more benzodiazepines contributing to death (28.1%).

Total Number of Fatal Opioid Overdoses by Quarter and Year of Death, 2007-2015

('Total Fatalities' for 2015 is a Predicted Total for the Entire Year)

Heroin’s Pathway to Addiction

- Often begins after a person is legitimately prescribed narcotics for an injury or post surgery
- When the valid pain killer prescriptions run out, patients often find themselves addicted
- Heroin then becomes a less expensive and more accessible alternative
- Heroin is often “cut” with other drugs that often cause overdoses and sometimes result in death
Heroin Facts

- Northern Virginia SOS is Baltimore/Washington DC; also New York and Philadelphia; and Chicago to West Virginia

- Travel by car to Washington D.C., Brunswick, MD, Frederick County, MD, Baltimore, MD, Prince Georges County, MD, Frederick County, VA, Jefferson County and Berkeley County, WV

- Wholesale Level Purity 60 - 80%

- Street Level Purity >60% (Northern Virginia) 2013-14; 50 -60% (MD)

- Street Level Price $15-$20 (VA); $10-$15 (MD)

On Wednesday, July 13, 2016, shortly after midnight, two unknown white male subjects (late teens to early 20’s) climbed a gated and locked fence surrounding the pool area, and then entered the pool house and concession stand at the LOVETTSVILLE COMMUNITY POOL, owned by Loudoun County Parks, Recreation, and Community Services, at 57 E. Broad Way, Lovettsville, through an unlocked window. A third unknown white male subject waited outside in the 4 door sedan style vehicle pictured here. - Hands 10 & 2 – Keep your hands visible on the steering wheel in plain sight, until the officer says it is okay to reach for your license and registration, and concealed handgun permit, if applicable

- Once the officer advises it is okay to reach for your license and registration, MOVE SLOWLY

- Let the officer know you have a firearm on your person and its location

**What to Expect During a Traffic Stop**

“Officer, I want you to know I have a concealed handgun permit and currently have one on my person/in my glove box. How would you like me to proceed?”
Western Loudoun suffered damage due to recent storms which kept deputies and representatives from VDOT busy clearing roadways.
POKÉMON GO

- POKÉMON GO is a mobile game which combines the digital world and the real world by having players search for hidden digital Pokémon figures that have been placed on a real world map.
- The game is GPS based and the system randomly selects locations without regard to what is actually at that location.
- Pokémon can appear anywhere outside or inside of buildings.
- Residents need to be aware that they may observe people walking on their property, or parked nearby, in an effort to “catch” a Pokémon.
- There have been reports of assaults and robberies of mobile devices by illegitimate players.
- One gamer ran into a police car when he was playing while driving.
- Gamers are warned not to bury their heads in their phones. Be aware of your surroundings at ALL times.
