The corridor vision was developed by the stakeholder committee based on publically-identified priorities during the summer 2017 public workshops. The vision outlines the key elements that will guide the proposed improvements to the Route 15 corridor.

- The Route 15 corridor improvements from Leesburg to Maryland will emphasize safety and congestion relief.
- The Route 15 corridor improvements will provide local access and mobility for community and through traffic.
- The Route 15 corridor improvements design will highlight Loudoun’s natural beauty and maintain the historic rural character.
