## Western Loudoun Farmer and Small Business Survey

### Dear Western Loudoun Farmers and Business Owners,

Would you take a few minutes to fill out our survey? Your feedback will help us get you the resources you need, so you can keep your business running during the COVID-19 crisis. Our small business and farms are the backbone of our county's economy, and we want to make sure you get through this difficult time.

Over the past few weeks, we've been sharing information with you about federal, local, and private loan programs. The Board is now considering creating a new program, called the Business Interruption Fund Grant Program. We'll be discussing this at our upcoming business meeting on Tuesday, April 22. Please give us your feedback before then so we know what's working for you, what isn't, and what resources you still need.

Thank you for taking the time to share your input. Would you also please share this survey with the other small business and farm owners that you know? Here's the link:

**Take the Survey**

Sincerely,

***Supervisor Caleb A. Kershner***
