T.P. Roll Forest Friends
-Channel Catfish-

MATERIALS
- 1 T.P. Cardboard Roll
- Ruler
- Cardstock to print
- Scissors
- Paint
- Googly Eyes (Optional)

STEP 1: Flatten half of a tube. Cut 2 semi-circles as shown, through both layers.

STEP 2: Flatten the other half of the tube in the opposite direction.
STEP 3: Cut a .25” by 1.5” triangle from the top back tube as shown. Cut a slit down the center back for the dorsal fin.

STEP 4: Glue down tail fin with points shown matching to the edges of the tube. Cut a triangle on the bottom back of the tube from 1.5” to the bottom edge of the tail.

STEP 5: Glue remaining tail fins, and then glue the tail together.

STEP 6: Bend paired fins, and glue as shown.

STEP 7: Glue barbels as shown.

STEP 8: Paint and decorate!

* At this point, you can either use the fin template, printed onto cardstock, or create your own fins for a personalized fish. Use your imagination to make lots of fishy friends!
T.P. Roll Forest Friends
-Channel Catfish: Template-

- Print out 1 set on cardstock.
- Cut out each fin.
- General placement on Roll shown below:
- Use glue on tab to attach to T.P. Roll
