Hello from Senior Trips! We hope you are well and staying healthy. We wanted to share a quick program update with you. Registration for fall trips is tentatively scheduled for August 12th. Our plan is to have a modified fall trips list to you by the end of July. Please be aware that many venues and theatres are still closed and may remain so for some time.

We are also planning some overnight trips and hope to be able to offer, *The Crooked Road Music Trail* in October and *A Biltmore Christmas* in December. Due to the continued uncertainty surrounding Covid-19 all trips offered may be subject to change. Feel free to contact us if you have any questions, Terry Fleming (571) 258-3050 or Sonya Haynes (571) 258-3051. We hope to see you in the fall!

**HEALTH & WELLNESS**

Your skin changes with age. It becomes thinner, loses fat, and no longer looks as plump and smooth as it once did. Your veins and bones can be seen more easily. Scratches, cuts, or bumps can take longer to heal. Years of sun tanning or being out in the sunlight for a long time may lead to wrinkles, dryness, age spots, and even cancer. But, there are things you can do to protect your skin and to make it feel and look better.

**Dry Skin and Itching**

Many older people suffer from dry spots on their skin, often on their lower legs, elbows, and lower arms. Dry skin patches feel rough and scaly. There are many possible reasons for dry skin, such as:

- Not drinking enough liquids
- Spending too much time in the sun or sun tanning
- Being in very dry air
- Smoking
- Feeling stress
- Losing sweat and oil glands, which is common with age

Dry skin also can be caused by health problems. Using too much soap, antiperspirant, or perfume and taking hot baths can make dry skin worse. Some medicines can make skin itchy. Because older people have thinner skin, scratching can cause bleeding that may lead to infection. Talk to your doctor if your skin is very dry and itchy.

Here are some ways to help dry, itchy skin:

- Use moisturizers, like lotions, creams, or ointments, every day.
- Take fewer baths or showers and use milder soap. Warm water is less drying than hot water. Don't add bath oil to your water. It can make the tub too slippery.
- Try using a humidifier, an appliance that adds moisture to a room.

**Bruises** - Older people may bruise more easily. It can take longer for these bruises to heal. Some medicines or illnesses may also cause bruising. Talk to your doctor if you see bruises and don't know how you got them, especially on parts of your body usually covered by clothing.

**Keep Your Skin Healthy** - Some sun can be good for you, but to keep your skin healthy, be careful:

- **Limit time in the sun.** It's okay to go out during the day, but try to avoid being in sun during peak times when the sun's rays are strongest. For example, during the summer, try to stay out of the sun between 10 a.m. and 4 p.m. You can also get sunburned if you are in water.

- **Use sunscreen.** Look for sunscreen with an SPF (sun protection factor) number of 15 or higher. It's best to choose sunscreens with "broad spectrum" on the label. Put the sunscreen on 15 to 30 minutes before you go outside. Sunscreen should be reapplied at least every 2 hours. You need to put sunscreen on more often if you are swimming, sweating, or rubbing your skin with a towel.

- **Wear protective clothing.** A hat with a wide brim can shade your neck, ears, eyes, and head. Look for sunglasses that block 99 to 100 percent of the sun's rays. If you have to be in the sun, wear loose, lightweight, long-sleeved shirts and long pants or long skirts.

- **Avoid tanning.** Don't use sunlamps or tanning beds. Tanning pills are not approved by the U.S. Food and Drug Administration (FDA) and might not be safe.

Your skin may change with age. But remember, there are things you can do to help. Check your skin often. If you find any changes that worry you, see your doctor.
**KITCHEN CORNER**

BBQ Chicken with Peach and Feta Slaw

Using ripe, juicy peaches, it's the perfect sweet-salty side dish for any number of grilled or smoked proteins.

Ingredients

- 5 tablespoons olive oil, divided
- 2 tablespoons sherry vinegar
- 1/2 teaspoon freshly ground black pepper, divided
- 3/8 teaspoon kosher salt, divided
- 1 1/2 cups sliced fresh peaches (about 2 medium)
- 1 (12-oz.) pkg. broccoli slaw ($1.99 at Giant)
- 3 (6-oz.) skinless, boneless chicken breasts, cut crosswise into 1-in. strips
- 1/4 cup barbecue sauce

Toppings (change them up as desired)

- 1 tablespoon chopped fresh chives
- 1 ounce feta cheese, crumbled (about 1/4 cup)
- 2 center-cut bacon slices, cooked and crumbled

How to Make It

**Step 1:** Combine 4 tablespoons oil, vinegar, 1/4 teaspoon pepper, and 1/4 teaspoon salt in a large bowl, stirring with a whisk. Add peaches and slaw to vinegar mixture; toss gently to coat.

**Step 2:** Sprinkle chicken evenly with remaining 1/4 teaspoon pepper and remaining 1/8 teaspoon salt. Heat remaining 1 tablespoon oil in a large nonstick skillet over medium-high heat. Add chicken to pan; cook 6 minutes or until done. Place chicken in a large bowl. Add barbecue sauce to bowl; toss.

**Step 3:** Divide slaw mixture evenly among 4 plates; top evenly with chicken strips. Sprinkle with chives, feta and bacon.

REMINDER:

*If you are in need of a lunch meal or food in general, please call the center at 571-258-3280 so that we can assess the situation and figure out the best way to meet your needs.*
If you are a caregiver for a loved one or if you are an older adult (60+) in need of support during this difficult time, connect virtually (FaceTime or by phone) over coffee with Lori.
