Background

On July 1, 2013, Loudoun County Government (County) and Loudoun County Public Schools (LCPS) successfully launched the first phase of their new Enterprise Resource Planning (ERP) software system, Oracle E-Business Suite software. The system, scheduled to be implemented in three phases, replaced the financial and procurement systems that had been in place for more than 30 years.

Advanced Procurement, Phase 3 of the implementation project, includes iSupplier and the Sourcing programs. iSupplier was successfully launched by the County and Schools on Monday, May 12, 2014. The Sourcing program will be launched on May 23, 2014, and in early June the County and Schools will begin publishing solicitations (bid opportunities). **We are very excited to launch new tools for the vendor community!**

Introduction

What are iSupplier and Sourcing?

The iSupplier system is a secure web-based tool allowing Suppliers (bidders) self-service capability to register and maintain their company profile as a source for bidding opportunities. Since the database is a shared tool between the County and LCPS, Suppliers only have to register their company once. Multiple contacts (users) can be assigned online access if desired.

Registered Suppliers login to iSupplier and receive the benefits of the Sourcing program. Sourcing includes additional online capabilities; receipt of solicitation invites, viewing solicitations, and online bidding. The iSupplier system allows Portal access for Suppliers, who are issued orders and/or payments by the County or LCPS, to view online documents and transactions.

iSupplier and Sourcing Programs

- Self-Service Registration
- Maintain Company Profile and Users
- Solicitation Notices
- View Solicitations
- Online Bidding
- View Orders
- Track Payments

Supplier Types

Prospective (New) Suppliers

A new bidder must register their company as a Prospective Supplier. Once the registration is submitted and approved, the contact will receive an email to check the online status of the registration. Once the registration is approved, the contact(s) registered for online access will receive an email with a temporary password. The approval process only takes a few minutes as you are only registering information for your bidder profile.

Company profile requires the following:

- Company Name (DBA): Legal name on W-9 tax form
- Taxpayer ID: The system allows one registration per federal tax id (9-digit).
- Main Contact: Name, Email, and Phone Number
- Address: Request for Quote (RFQ) address.
- Contact: If desired, additional contacts may be added to gain online user access.
- Business Classification: Only if applicable.
- Products and Services: Minimum of at least one selection is required.

Loudoun County utilizes the National Institute of Governmental Purchasing (NIGP) Commodity/Services Codes. We use the 5-digit hierarchy (3-digit class and 2-digit commodity). Additional information can be found below.

Existing Suppliers (not in iSupplier)

You may be an Oracle supplier with the County or Schools, but not registered in iSupplier. The Supplier Administrator must send an invite to a company contact's email to establish an online user account. Complete and submit the required contact information and allow up to three (3) business days for approval. Once the user account is approved, you will receive a user name and temporary password. As a registered user, you should update the company profile. For example, if you are interested in receiving solicitation notices (bid opportunities) you will need to register Products & Services (commodity codes) for your company. You will also benefit from the online capabilities listed below for iSupplier users.

Registered iSupplier Users

Upon registration approval, online users must change their temporary password to a permanent one. Then, Suppliers have online access to update their company profile and request online access for additional users. In addition, suppliers can view solicitation invites, view solicitations, and bid online.

Portal access allows awarded suppliers the ability to view orders. In the future, we will phase in the ability to view payments.

Oracle iSupplier Tips

Back Button: DO NOT USE WEB BROWSER BACK BUTTON FOR SYSTEM NAVIGATION.

System Requirements: iSupplier requires the use of Internet Explorer version 5.0 and above or the latest version of Chrome and Fire Fox

Unexpected Error: If you receive the following error message, *“You have encountered an unexpected error. Please contact the System Administrator for assistance.”* you must close your web browser.

Home Page Overview

Always click Logout link to exit the system.

Responsibilities are assigned to registered suppliers.

Sourcing Supplier is available for all suppliers to register and manage their company profile, receive solicitation notices, view bid documents, and submit bid responses.

iSupplier Portal Full Access is available once a supplier has received an order from the County or LCPS and allows the supplier to maintain their company profile, view purchase orders, and receive payment status online.

How to Register

Prospective (New) Supplier

You may begin the registration process with Loudoun County– Government or Schools. Although the database is shared, there is a link on each of our Procurement websites to get you started with a new registration.

Add Company Details and Contact Information

Step	Action
1.	<p>After you click on the link to begin a new registration, the iSupplier Portal window will appear “<i>Loudoun County Government and Loudoun County Public Schools Prospective Supplier Registration</i>”.</p> <p>All required information is denoted by an *. Click in the Company Name field and enter your Company Name preferably in ALL CAPS</p>
2.	<p>Click in the Tax Country field.</p>
3.	<p>Click the Tax Country magnifying glass and a new window will open.</p>

Search and Select: Tax Country

Step	Action
4.	The <i>Search and Select: Tax Country</i> window now appears. Click in the Search By field.
5.	Enter the desired information into the Search By field. For example, enter "United States" .
6.	Click the Go button to start your search.
7.	Click the Quick Select button for your Country.

Return Selected: Tax Country

Enter Taxpayer ID and Contact Information:

Step	Action
8.	You are now returned to the <i>Prospective Supplier Registration</i> window. Click in the Taxpayer ID field.
9.	Enter information into the TAXPAYER ID field. Format including hyphens: FEIN #: xx-xxxxxxx SSN: xxx-xx-xxxx
10.	Enter basic contact information during this part of the registration. Additional contacts and additional information for this contact can be added at a later time during the registration.
11.	Click in the Email field and enter Email address. This email address will be your username. Note: The email address must be unique. It can only be used once for a Loudoun County-Government or Schools iSupplier Main Contact.
12.	Click in the First Name field and enter First Name .
13.	Click in the Last Name field and enter Last Name .
14.	Click in the Phone Area Code field and enter Area Code .
15.	Click in the Phone Number field and enter Phone Number with hyphen. For example, 999-9999.
16.	Click in the Phone Extension field and enter Extension . (Optional)
17.	Click the scrollbar to view your entire registration page if necessary
18.	Click the Next button.

Add Additional Details

Prospective Supplier Registration: Additional Details
 Blank label for instruction text

Company Name: **Sample Company**
 Tax Country: **United States**
 Tax Registration Number:
 Taxpayer ID: **999-88-7777**
 DUNS Number:
 Alternate Supplier Name:
 Note to Buyer:

Address Book
 Personalize "Address Book"
 At least one entry is required.
 Create

Address Name	Address Details	Purpose	Update	Delete
No results found.				

Contact Directory
 Personalize "Contact Directory"
 At least one entry is required.
 Create

First Name	Last Name	Phone	Email	Requires User Account	Update	Delete
John	Doe	555-555-5555-9234	john.doe@yahoo.com	✓		

Step	Action
19.	The <i>Prospective Supplier Registration: Additional Details</i> window now appears. Click in the Note to Buyer field and enter notes. (Optional)
20.	Now you will need to complete the following sections: Address Book for bidding address Contact Directory for additional contacts if desired Business Classifications if applicable Products & Services (commodity codes)

Create Address

Step	Action
21.	Click the Create button under Address Book. The <i>Create Address</i> window now appears. Click in the Address Name field and enter RFQ , for the Request for Quote (bidding) address.
22.	Click in the Address Line 1 field and enter Address in ALL CAPS .
23.	Click in the City/Town/Locality field and enter City/Town/Locality in ALL CAPS .
24.	Click in the State/Region field and enter State/Region in ALL CAPS ..
25.	Click in the Postal Code field and enter Postal Code .
26.	The Phone Number, Fax Number and Email Address in this window are for your address. This is not the contact phone number. For example, this would be a reception desk phone & fax number or a general company email address.
27.	Click in the Phone Area Code field and enter Area Code .
28.	Click in the Phone Number field and enter Phone Number with hyphen. For example, 999-9999.
29.	Click in the Fax Number field and enter Fax Number with hyphen. (Optional) For example, 999-999-9999.
30.	Click in the Email field and enter Email address.
31.	Click the Apply button.

Contact Directory: Create Contact

The screenshot shows the 'Prospective Supplier Registration: Additional Details' window in the iSupplier Portal. The window has a blue header with the UAT logo and 'iSupplier Portal' text. Below the header, there are three tabs: 'Basic Information', 'Company Details', and 'Attachments'. The 'Company Details' tab is active. The main content area contains the following information:

- Company Name: Sample Company
- Tax Country: United States
- Tax Registration Number: 999-88-7777
- Taxpayer ID: 999-88-7777
- DUNS Number: [Empty]
- Alternate Supplier Name: [Empty]
- Note to Buyer: [Empty]
- Note to Supplier: [Empty]

Below the company details, there are two sections:

- Address Book:** A section with a 'Create' button and a table with columns: Address Name, Address Details, Purpose, Update, and Delete. The table contains the text 'No results found.'
- Contact Directory:** A section with a 'Create' button and a table with columns: First Name, Last Name, Phone, Email, Requires User Account, Update, and Delete. The table contains one entry:

First Name	Last Name	Phone	Email	Requires User Account	Update	Delete
John	Doe	555-555-5555-9234	john.doe@yahoo.com	✓	[Update Icon]	[Delete Icon]

Step	Action
32.	<p>You are now back in the <i>Prospective Supplier Registration: Additional Details</i> window.</p> <p>Next we will create another contact. If no additional contact is needed, please continue to the Business Classifications portion of this document.</p> <p>Click the Create button under the "Contact Directory" portion of the window.</p>

Create Additional Contact

Step	Action
33.	The <i>Create Contact</i> window now appears. Any required information is denoted by a *. All other fields are optional. Click in the First Name field and enter First Name ALL CAPS
34.	Click in the Last Name field and enter Last Name .
35.	Click in the Contact Email field and enter Email Address .
36.	Click in the Phone Area Code field and enter Area Code .
37.	Click in the Phone Number field and enter Phone Number with hyphen. For example, 999-9999.
38.	If this contact requires a User Account, click the "Create User Account For The Contact." In order for a User Account to be created a valid email address must be provided. Click the Apply button.

Select Business Classifications

Contact Directory

Personalize "Contact Directory"
At least one entry is required.

Create

First Name	Last Name	Phone	Email	Requires User Account	Update	Delete
John	Doe	555-555-5555-9234	john.doe@yahoo.com	✓		
Jane	Smith	555-999-9999	jane.smith@gmail.com	✓		

Business Classifications

✓TIP Date format example: 04/18/2014

Step	Action
39.	<p>You are now back in the <i>Prospective Supplier Registration: Additional Details</i> window.</p> <p>Click the scrollbar to scroll down to the "Business Classification" portion of the window.</p>
40.	<p>Select Applicable Classifications.</p> <p>Note: Minority Owned requires a selection of Default from the drop down list in the Minority Type column.</p>

Create Products & Services (Commodity Codes)

41.	Continue to Products and Services section.
42.	Click the Create button under the "Products and Services" portion of the window. This is a required step to register.

Add Products and Services

Step	Action
43.	<p>The <i>Add Products and Services: (Company Name)</i> window now appears.</p> <p>You can "Browse" section for Products and Services.</p> <p>Use the Next 100 link to continue to look through the Products and Services.</p> <p>Or</p> <p><i>You can use the search feature by clicking the "Search for Specific Code and Product" radio button. Enter search criteria in Description field and click Go button. For example, %PRINTER% will return all products which contain the PRINTER sequence of letters.</i></p> <p>Or</p> <p><i>You can use the search feature by clicking the "Search for Specific Code and Product" radio button. If search fields contain criteria, click Clear button. Enter commodity code in Code field and click Go button. For example, 204-76.</i></p> <p>To select specific products and services in a category, click the View sub-categories button for the Product and Services that need to be added to your profile. </p> <p>Click the Applicable checkbox to select specific products and services under category.</p> <p>Click Apply button and return to <i>Prospective Supplier Registration: Additional Details</i> window.</p>

Verify Products and Services

Step	Action
44.	You are now back in the <i>Prospective Supplier Registration: Additional Details</i> window. Verify the selected Products & Services. You can delete any that you do not wish to keep. To add additional selections, start with step #42. Click the scrollbar to review your profile before registering.
45.	Once information is reviewed, click the Next button.

Registration Submission

Step	Action
46.	At this point attachments are not needed, Click the Submit button.

Registration Confirmation

Step	Action
47.	A Confirmation is given that your registration has been submitted for approval. An email will be sent to your email address once the registration has been approved. Click the Close link
48.	Click the Yes button.

Confirmation Email

The following email will be sent to your email address once the registration has been submitted.

Prospective Supplier Registration Status

Solicitations (Bid Opportunities)

Loudoun County Government – Launched June 2014

Loudoun County's Division of Procurement in the Department of Management & Financial Services launched Oracle's Sourcing program on June 2, 2014. The new program will allow online response for bids/quotes for the vendor community. This guide will outline the solicitation documents in Oracle, online advertisement and viewing, registered bidder notices, and online response.

It is very important you read additional guide to understand the entire process for solicitations. Click [here](#) for our detailed guide.
