<b>Description of Change</b>		Truncate route to Stone Ridge-East Gate. Peak service will be timed to meet 88X Metro Connection trips at East Gate, and on reverse peak trips will serve Stone Springs Hospital. Midday trips will go to Wiehle-Reston East Station via East Gate instead of via Loudoun Station. This route will merge with the extended Route 88X as of FY2018.	
<b>Justification for Change</b>		This route, introduced in 2015, has failed to attract sufficient riders. It will be reconfigured as a peak shuttle to East Gate P&R plus reverse peak service to Stone Springs Hospital, and will continue midday trips direct to Wiehle-Reston East Metrorail Station that will serve anyone parking at East Gate or Dulles South who needs to travel in the midday.	

*Preliminary, pending community engagement and review*

To Wiehle-Reston East  
Metrorail Station via Rt. 267
