VIRTUAL DEMENTIA TOUR®

Saturday, March 23, 2019

10 am – 2 pm

20 minute slots available starting at 10 am

Learning to create a positive environment for those with dementia can only come from attempting to walk in their shoes.

The Virtual Dementia Tour® is an individual experience through simulated dementia created for families to better understand the physical and mental challenges of those with dementia.

After experiencing this sensory training, participants will have a greater understanding of the realities of what living with dementia is like. This unique, interactive program has been shown to improve communication and care.

Loudoun County Area Agency on Aging
742 Miller Drive SE · Leesburg, VA 20175
