## ABOUT THE FILM

The documentary follows the lives of six LGBT seniors who must choose if they will hide their sexuality in order to survive in the long-term health care system. The film premiered at the Boston LGBT Film Festival and has won numerous awards at others.

The title of the film is a reference to the generations of older LGBT people who remain in the closet or re-enter the closet out of concern for their safety or quality of life. As a result of the documentary, the term Gen Silent has increased in use as a way to refer to this group.
