How to Translate Loudoun.gov Into Other Languages

April 2020
Step 1: log on to loudoun.gov
Step 2: In the lower right corner of the screen, click on “Select Language.”
Step 3: The user may select their preferred language.
Step 4: All HTML content on the website will translate into the selected language.
In this example, the COVID-19 content is translated into Spanish.
This includes the updates that are published to subscribers of the email and text updates via the website.
