

COVID-19 Testing in Loudoun County and nearby

Should you get tested? To learn if you have a current COVID-19 infection, viral tests are used. But not everyone needs this test. If you have symptoms of COVID-19 and want to get tested, follow the steps below to make decisions about your care.

If You Are Sick, While Waiting for Testing or Results:

- Stay home. Avoid contact with others, do not share personal items, and use a separate bedroom and bathroom, if possible.
- Monitor your health. Call 911 if you develop trouble breathing, pain or pressure in the chest, confusion, or bluish lips or face.
- Wear a face mask (or a bandana or scarf that covers your nose and mouth) when around other people.
- Cover your coughs and sneezes with a tissue or the inside of your elbow.
- Wash your hands often with soap and warm water for at least 20 seconds.
- Clean and disinfect high-touch surfaces every day.
- Do not leave home until fever-free for 72 hours (without the help of medication) AND at least 7 days have passed since symptoms first appeared.
- Inform close contacts. Talk to everyone who has been within 6 feet for more than a few minutes while you were sick, including the 48 hours BEFORE you developed symptoms. Encourage them to stay home for 14 days and provide them the following guidance for those who had close contact with someone who is sick.

If You Had Close Contact With Someone Who Is Sick:

- Stay home for 14 days since you last interacted with the ill individual. Avoid contact with others even though you may feel well. Do not share personal items, and use a separate bedroom and bathroom, if possible.
- If you become sick, stay home, keep your distance from others, and inform close contacts you are sick. Follow the guidance above under “If you are sick, whether or not you have been tested for COVID-19”.
- If you have COVID-19, you will receive further guidance to help protect yourself and others and to identify your close contacts. Most people who get COVID-19 recover on their own at home.

Stay Informed:

For questions about COVID-19, call the Health Department at 703-737-8300, 9 a.m. to 9 p.m. weekdays; 9 a.m. to 5 p.m. weekends or email the Health Department at health@loudoun.gov.

Text LCCOVID19 to 888777 to receive text alerts from Loudoun County about COVID-19

The Loudoun County Health Department does not provide COVID-19 diagnosis or testing.
