OPPORTUNITY FOR PUBLIC COMMENT

‘Loudoun County Title VI Policy Change’

Loudoun County Transit is making a minor refinement to the Major Service Change Policy for Local, Metro Connection, and Commuter Bus service. This policy is important because it defines the thresholds for evaluating whether changes to bus service have a discriminatory impact based on race, color, or national origin and/or income.

The revised policy for the Title VI 2023-2026 program period defines a Major Service Change as any of the following. Note that the revision to the policy is identified by striking through the text to be deleted.

- Any change that adds or eliminates a bus route.
- Any change in service on any individual bus route that would add or eliminate 20 percent or more of the route’s weekly revenue miles.
- Any change in service on any individual bus route that would add or eliminate 20 percent or more of the route’s weekly revenue hours.
- Any change in service on any individual bus route that would add or eliminate 15 percent or more of the average daily ridership (REVISED for 2023-2026 program update).

Public comments on the proposed amendment will be accepted August 2022 through September 12, 2022.

You can also review the policy and leave comments online at:
