\_\_\_\_\_ Windshield Wipers

Explain and simulate the following:

\_\_\_\_\_ Emergency Engine Shutdown  
\_\_\_\_\_ Steering/Braking to Control Skid

\_\_\_\_\_  
**Student Driver Signature**

\_\_\_\_\_  
**Chief Signature**

*This form must be completed prior to the first class. A form for each Vehicle Class applying for should be attached to the TD-TR form that is submitted for E.V.O.C. classes. If it is not attached to the TD-TR the student must present it to the instructor prior to the start of the first class. Failure to complete this form for each vehicle class prior to class will result in denial of class. Driving and operating Emergency Vehicles during emergency responses is a very dangerous job. The time that is devoted to doing this driver training should be taken serious and completed accurately.*

*Approved EMS Council, Inc. – March 2004*  
*Approved Fire Council – March 2004*
