LOUDOUN COUNTY GREEN BUSINESS CHALLENGE

The Green Business Challenge is a partnership between the Loudoun County Government and the Chamber of Commerce to encourage Loudoun businesses to adopt environmentally-sound business practices. The Green Business Challenge has identified a number of actions businesses and organizations can take to become more energy efficient, implement more sustainable practices, and improve their bottom line. Participants will help Loudoun County ensure a healthy and sustainable quality of life for all its citizens.

Key Goal of the Green Business Challenge

- To work with the Loudoun County Chamber of Commerce to forge active partnerships with the business community in order to increase Loudoun County's competitiveness through reducing energy use and associated greenhouse gases.

Participation

- Helps businesses implement environmentally-sound business practices & improve their bottom line.
- Open to any business, non-profit or association of any size with a physical presence in Loudoun.
- Upon successful completion of the challenge, participating businesses will be recognized as a Certified Green Business and can win Silver, Gold and Platinum Achievement awards, as well as an award for Innovation.
- Participating businesses are also officially recognized by the Board of Supervisors and at the annual Green Gala awards ceremony as well as through press releases, websites and social media.
