This map updates ZMAP 2002-024, which shows both consenting and eligible parcels. This Historic Roadways District map, which shows consenting parcels only, is current as of June 2015.

- The Beaverdam Creek Historic Roadways District is Loudoun County’s only Historic Roadways District.
- Consenting Parcels 35’ from Road Centerline

Beaverdam Creek Historic Roadways District Notes:
1. The Beaverdam Creek Historic Roadways District includes parcels located along both sides of the rural road network generally bounded by Stocktonsville Turnpike (Route 734) to the north, St. Louis Road (Route 611) to the east, John Mosby Highway (Route 50) to the south, and Trappe Road (Route 619) to the west.
2. The Historic Roadways District overlay pertains to consenting parcels and is limited to 35 feet from the road centerline. It does not encompass the entire parcel. For more information on the Historic Roadways District, including Certificates of Appropriateness applications, contact the Department of Planning.
3. This Historic Roadways District map, which shows consenting parcels only, is current as of June 2015. This map updates ZMAP 2002-024, which shows both consenting and eligible parcels.
