I, _____ hereby accept full responsibility for the adherence to all requirements of the Virginia Statewide Fire Prevention Code and the Loudoun County Fire Prevention Code pertaining to the above application.

Please return this application with check or money order payable to the County of Loudoun.

Only application page needs to be returned. The instructions page is only to assist the applicant and provide general guidance.

Instructions

Select type of permit, Assembly or Educational. Enter occupant load (if known) in the space provided. Then select general use under the appropriate category.

If you are renewing an existing permit, enter the number in the space provided. If there are no changes to your Fire Evacuation or Fire Safety plans, check the ‘No Changes’ box.

Provide the business name and ‘Doing Business As’ name if it is different. Often a business uses a corporate name that is different from the name on the location. If the business location is different from the billing office, enter it as the inspection location in the space provided.

Make sure to provide the name and contact information for the person filling out the application. The application with a check or money order payable to ‘County of Loudoun’ should be mailed to the address shown on the application. We are not equipped to accept cash or credit/debit cards at this time.

Once the permit is processed an inspection will be scheduled. Common items we look for are:

- **Exits are clear and accessible.**
- **Exit signs and emergency lights work properly.**
- **Evacuation routes are posted as required.**
- **Occupant load cards are posted as required.**
- **Fire drills are conducted and documented as required.**
- **Storage is not impeding egress or the operation of fire suppression systems.**
- **Portable extinguishers are accessible and properly maintained.**
- **Documentation showing current maintenance of alarm and suppression systems, where installed. This includes required and voluntary systems.**
- **Kitchen hood systems, where installed, are clean and properly maintained.**
- **Electrical panels, alarm panels and other utility controls are accessible.**
- **Building address is clearly visible from the street.**

This list covers the most common items related to these occupancies. Not all of these items apply to every location, and some have additional specific requirements.

Assembly and Educational uses are also required to develop Fire Evacuation and Fire Safety plans. These plans are reviewed by the Fire Marshal’s Office, but must be developed by the applicant. To assist in completing these plans, there is an outline of the requirements attached. The full code text is available on request.

If you have questions related to a specific use or operation, please contact the Fire Marshal’s Office for additional assistance.
